

YOU CAN ALWAYS RELY ON FRIENDSHIP

3 Easy Steps!

ONE

OPEN YOUR NEW ACCOUNT

Start out by opening a new account at The Friendship State Bank.

Fill out all of the necessary information on the first sheet "New Account Information." You may have already established an account at The Friendship State Bank. In that case, you're even closer to completing your switch.

TWO

CLOSE YOUR OLD ACCOUNTS

It's important to leave your old accounts open long enough to assure that all of your checks have cleared.

Your "Close Account" form will contain all of the information necessary for you to close your old accounts. Be sure to destroy all checks and ATM cards once the account has been closed.

THREE

SWITCH OVER YOUR DIRECT DEPOSIT AND AUTOMATIC WITHDRAWALS

We've provided easy-to-use "Change Automatic Withdrawal" forms that are ready-to-send to your automatic withdrawal accounts: insurance premiums, utilities, loan payments, or any other arrangements. *Please ask for more copies if necessary.*

The "Change Payroll Direct Deposit" form will make it easy for your employer to begin making deposits directly to your new Friendship State Bank account. They will appreciate the fact that you provided all of the necessary information on one easy to understand form.

Welcome to The Friendship State Bank. As a community bank, based in Friendship, Indiana since 1912, we look very forward to meeting your every banking need. Thank you for Relying on Friendship.

MAKE THE SWITCH TODAY

If you need any help with the enclosed forms, stop by any branch or give us a call.

Account Number

Global Financial Bank Routing Number

To find the account numbers for your old account, look at the bottom of your checks for a series of numbers:

Bank Routing Number Account Number Check Number

Bank routing numbers are the first nine digits of the series, beginning with a number between 01 and 12 or 21 and 32.
